PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 431.—In re Ben J. Diemer, market agency, Springfield, Mo. The Acting Secretary of Agriculture on September 7, 1933, issued an inquiry alleging that respondent had violated title III of the Packers and Stockyards Act in that he was insolvent and unable to pay his debts as they became due in the usual course of business. The Department has been officially advised that respondent has paid all outstanding obligations which arose from his business as a registrant with the exception of a small amount which will be paid whenever the holders of the checks can be located or whenever the checks are presented for payment. Therefore, on February 8, 1934, this proceeding was dismissed.

Docket no. 437.—In re Davidson & Co., market agency, Bushnell, Ill. The Acting Secretary of Agriculture on December 6, 1933, issued an inquiry alleging that respondent had violated title III of the Packers and Stockyards Act in that it had failed to execute and maintain a reasonable bond to secure the performance of its obligations incurred as such market agency. It has been determined on investigation that the respondent has not violated the act as alleged. WARNING AGAINST POLITICAL ACTIVITY BY DEPARTMENT EMPLOYEES

Attention is again called to the civil-service rules which prohibit employees of the Government from political activity in city, county, State, or national elections, or in behalf of any party or candidate, or any measure to be voted on. The rules also prohibit employees from giving public expression of political views, acting as recorder, checker, watcher, or challenger of any party or faction, or distributing campaign literature, badges or buttons, wearing such badges or buttons, displaying campaign signs or pictures of candidates, or requesting political work from subordinates.

Further particulars may be obtained from the Civil Service Commission, Washington, D.C.

ANNUAL-LEAVE ACCUMULATION

While the law permits the accumulation of annual leave from year to year (par. 484, Administrative Regulations), such annual leave, when taken, must necessarily depend upon the exigencies of the service at that particular time, as annual leave is a privilege and not a right (par. 480, Administrative Regulations).

ORIGINAL CERTIFIED INVOICES REQUIRED TO SUPPORT PAYMENTS ON STANDARD FORM No. 1034

There are quoted below extracts from a letter of the Comptroller General, dated February 7, 1934.

"There has been brought to my attention the growing tendency of accountable officers of departments and/or establishments to accept and submit to this office certified invoices attached to and supporting Standard Form 1034, Public Voucher for Purchases and Services other than Personal, which are marked 'copy', 'duplicate', 'duplicate invoice', or other similar markings.

"The regulations require that the original voucher contain the signed certificate of the administrative officer and that the payee's certificate be either executed thereon or on the invoices attached thereto. The invoice when containing the executed certificate constitutes the principal part of the voucher and should *not* be a copy or duplicate.

"Accountable officers when supporting their purchase vouchers with payee's certified invoices should use only the originals and/or invoices as described above.

"It is also noted that two or more certified invoices supporting the same purchase are frequently submitted by the payee, signed in duplicate. Invoices should not be signed in duplicate. If an original invoice is lost or destroyed the claimant should be requested to submit an unsigned memorandum copy which should be transmitted to this office with full explanation as to loss or destruction of the original."

ORDER AFFECTING EMPLOYEES WHO ARE RECIPIENTS OF PENSIONS OR EMERGENCY OFFICERS' RETIREMENT PAY

Attention is invited to Executive order no. 6568 of January 19, 1934, amending paragraph X of Veterans' Regulation No. 10 as follows, effective January 19, 1934:

1. Paragraph X of Veterans' Regulation No. 10 as amended by Veterans' Regulation No. 10 (b), is amended to read as follows:

"X. No person holding an office or position, appointive or elective, under the United States Government, or the municipal government of the District of Columbia, or under any corporation, the majority of the stock of which is owned by the United States, shall be paid a pension, or emergency officers' retirement pay, so long as he continues to draw a salary from such employment, except (1) those receiving pension or emergency officers' retirement pay for disabilities incurred in combat with an enemy of the United States or for disabilities resulting from an explosion of an instrumentality of war in line of duty during an enlistment or employment as provided in Veterans' Regulation No. 1 (a), part I, paragraph I;

(2) those persons so employed whose pension is protected by the provisions of the act; however, the rate of pension as to this class shall not exceed \$6 per month; (3) those unmarried persons whose salary or compensation for service as such employee is in an amount not in excess of \$1,000 per annum, computed monthly, or any married person or any person with minor children whose salary or compensation for service as such employee is in an amount not in excess of \$2,500 per annum, computed monthly; and (4) widows of veterans."

2. Veterans' Regulation No. 10 is amended by adding a new paragraph to read as follows:

"XXI. Any person entitled to monetary benefits under the provisions of title I, Public, No. 2, Seventy-Third Congress, or section 20, Public, No. 78, Seventy-Third Congress, may renounce his right thereto. The application renouncing the right shall be in writing over the person's signature and upon filing of such application, payment of monetary benefits and the right thereto shall be terminated and he shall be denied any and all rights thereto from date of receipt of such application by the Veterans' Administration. The renouncement provided for herein shall not preclude the person from filing a new application for pension at a future date but such application shall have the attributes of an original application and no payment will be made for any period prior to the date thereof."

For the original language of paragraph X, see P.B.A. Circular No. 229 of May 3, 1933, published in Official Record of May 20, 1933.
